

Salutations unto the Dragon
Throne and greetings unto
the people of the Known
World from Aundle
O'Drarmada and Alianor
bat Ariel- Baron and
Baroness of North Woods

Whereas the Barony of North
Woods-having been established in
ASW has stood the tests of time

and borne witness to fifty years of history then survived more than
two years of plague do we still stand for the glory of the Midrealm

Now know that we desire to recognize the history, hospitality, talents,
accomplishments, and generosity of the people of North Woods.

We give you a warm invitation so you may come to us to make
this special time more enjoyable by your arrival if you are present.

Give greeting to your most dear as we hope to prosper and hail.
